ADJOURNED ANNUAL TOWN MEETING

MAY 10, 1976

The adjourned Annual Town Meeting was called to order at 7:50 P.M. by Moderator Daniel J. Coughlin, Jr. who recognized the presence of a quorum. There were 347 voters present. The following tellers were appointed:

Paul Bienvenu	Dorothy Lerer
Ina Greenblatt	Carl Olsson
Edward Hilliard	Ruth Delaney

Mr. Matthew Doyle questioned the Moderator about a motion he had presented in writing last week, but was not recognized. He questioned whether this amendment could still be heard. Mr. Coughlin advised him that it could not be heard at this meeting, and that all requests to use Town Counsel must be given in writing to the Selectmen.

Chairman of Board of Selectmen Paul Hart moved that the Fire Department Budget be taken from the table. It was so voted.

Mr. Paul Hart moved that the Town vote to appropriate and transfer from Revenue Sharing Funds the sum of $339,717.53 and to raise and appropriate the sum of $798,667.47 for Fire Department salaries (total: $1,138,385) and further raise and appropriate the sum of $68,870 for the Fire Department expenses (total: $1,207,255).

Question No. 1. PROPOSED AMENDMENT TO CONSTITUTION

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and Senate on August 15, 1973, by a vote of 261-0, and on May 14, 1975 by a vote of 217-55?

YES _____

NO _____

SUMMARY

The proposed amendment would provide that equality under the law may not be denied or abridged on the basis of sex, race, color, creed or national origin. This amendment adds one sentence to Article 1 of Part the First of the Constitution which now contains a general statement of individual rights, including the right to enjoy and defend life and liberty and the right to acquire and protect property.

Question No. 2. PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and Senate on August 15, 1973, by a vote of 199-66, and on May 7, 1975, by a vote of 228-41?

YES _____

NO _____

SUMMARY

The proposed amendment would authorize the Legislature to substitute for the present system of flat or uniform personal income tax rates a system of rates graduated according to the total amount of income received. The Legislature would also be authorized to provide for reasonable exemptions, deductions, credits, and abatements and could base Massachusetts income tax provisions on provisions of Federal income tax law.

Question No. 3. PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and Senate on August 15, 1973 by a vote of 259-0, and on May 12, 1976 by a vote of 262-1?

YES _____

NO _____

SUMMARY

The proposed amendment would authorize the Legislature to provide for absentee voting by persons who hold religious beliefs in conflict with the act of voting on the day on which any election is to be held.

Question No. 4. LAW PROPOSED BY AN INITIATIVE PETITION

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 5, 1975, by a vote of 179-46, and on which no vote was taken by the Senate before May 7, 1975?

YES _____

NO _____

SUMMARY

Section 1 of the act inserts a new chapter 164B into the General Laws and establishes a Massachusetts Power Authority, a body corporate and politic with seven members appointed by the Governor to staggered six year terms. The Authority is to establish and operate a bulk power supply system to supply wholesale electric power to utilities throughout the Commonwealth. The primary purpose of the Authority is to supply the Commonwealth with power with the minimum adverse impact on the environment. The Authority is also authorized to engage in research and development of new sources of power, new siting techniques, and methods of environmental protection.

In carrying out its responsitilibies, the Authority is authorized to adopt by-laws; adopt an official seal; maintain offices; sue and be sued; construct or acquire facilities either within or without the Commonwealth; issue revenue bonds and borrow money in anticipation of issuance of revenue bonds; acquire real and personal property; employ professional, managerial and other employees deemed necessary and fix their compensation to be paid solely out of revenues of the Authority; appear

before other government agencies; apply for and receive federal or other grants of funds; and enter into contracts and agreements.

The Authority will build and operate all new generating and transmission facilities in the Commonwealth and has the option to purchase existing facilities through negotiation, condemnation, or eminent domain. After an initial two-year period, no other utility may construct a new facility unless the Authority certifies that it lacks the capability to finance the facility and the facility would further the purposes of the act.

The Authority will finance its activities by issuing revenue bonds. The bonds will be exempt from state taxation, but will not be backed by the full faith and credit of the Commonwealth. Power will be sold to other utilities by contract but no special discounts or bonuses to promote the increased use of power may be given. Public hearings are required on all major contracts.

The Authority is required to develop a master, 20-year demand study and siting plan within 18 months of its incorporation, to be updated each succeeding year. Sites will be selected in accordance with the Electric Power Facilities Siting Council Act of 1973. The Governor and the community in which any facility is to be located must affirmatively approve the facility before it can be constructed.

The Authority will be subject to all applicable federal and state environmental standards and must obtain all necessary federal and state permits and complete all necessary environmental impact statements.

The Authority will be exempt from taxation but will make payments in lieu of taxes to cities and towns in an amount equal to the tax which would be paid if the Authority's real and personal property were owned by a private electric utility company.

The Authority is forbidden from engaging in promotional or image advertising. The Authority has the authority to bargain collectively with its employees and is subject to the provisions of Chapter 150 of the General Laws, which governs the conciliation and arbitration of industrial disputes. Employees of the Authority are not subject to the civil service law and rules. Employees of utilities displaced by the activities of the Authority have first preference in employment by the Authority.

Section 2 of the act amends section 43 of Chapter 164 of the General Laws to provide that if a city or town votes, in accordance with the provisions of Chapter 164, to establish a municipal utility and acquire the facilities of the utility currently serving the community, and the utility refuses to sell its property to the city or town, that the Department of Public Utilities will establish a fair price for the facilities, and the utility will be required to accept the price determined by the department and tender the deed for the facilities to the city or town.

Question No. 5. LAW PROPOSED BY INITIATIVE PETITION

(This question appeared as question 5(a) in the Information for Voters booklet)

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 3, 1976, by a vote of 197-35, and on which no vote was taken by the Senate before May 5, 1976?

YES _____

NO _____

SUMMARY

The proposed legislation would prohibit the possession, ownership, or sale of any weapon from which a shot or bullet can be discharged and which has a barrel length of less than sixteen inches. The prohibition would not apply to military personnel, law enforcement officers,

federally licensed handgun manufacturers and wholesalers, common carriers in the ordinary course of transport, or to historical societies and museums. The act would not affect the possession of rifles, shotguns, and certain antiques and replicas. The proposal also does not change the existing statutory penalties for unlawful possession, ownership or sale of handguns, including provision imposing mandatory jail sentences.

The proposal would permit owners of handguns to surrender their weapons to any law enforcement agency in the Commonwealth within six months of the effective date of the act without incurring criminal liability. Those surrendering handguns within that six months will be compensated at a rate to be determined by the Commissioner of Public Safety.

Question No. 6. LAW PROPOSED BY AN INITIATIVE PETITION

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 3, 1976, by a vote of 146-85, and on which no vote was taken by the Senate before May 5, 1976?

YES _____

NO _____

SUMMARY

The proposed act would require every beverage container sold or offered for sale in the Commonwealth to have a refund value of at least five (5) cents, and would prohibit the sale of metal beverage containers with flip-tops. It would apply to containers for beer and other malt beverages and to soft drinks. It would not apply to containers for dairy products or natural fruit juices, nor to containers which are biodegradable.

The act would authorize the Secretary of Environmental Affairs to certify containers as reusable or recyclable. It contains both enforcement and penalty provisions and would take effect on February 1, 1977.

Question No. 7. LAW PROPOSED BY AN INITIATIVE PETITION

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 3, 1976, by a vote of 182-49, and on which no vote was taken by the Senate before May 5, 1976?

YES _____

NO _____

SUMMARY

The proposed act would impose a general requirement that every electric utility company charge a uniform rate per kilowatt hour of electricity. The proposed act would except from this general rule rates charged to other electric utility companies and to residential customers who heat their principle place of residence by electricity. The Act would also permit a different rate to be charged residential customers for the first three hundred (300) kilowatt hours they consume each month, and would authorize "peak load" pricing whereby a higher rate than the uniform rate per kilowatt hour may be charged during the periods of the day or seasons of the year when consumption of electricity is the greatest. The Act would authorize the Department of Public Utilities to issue implementing rules and regulations and provides for enforcement.

Question No. 8. THIS QUESTION IS NOT BINDING

The following is a non-binding advisory question:

"SHALL THE GENERAL COURT ENACT LEGISLATION AUTHORIZING THE CONSTRUCTION OF AN OIL REFINERY AND A DEEP WATER PORT, SUBJECT TO THE APPROVAL OF THOSE COMMUNITIES DIRECTLY AFFECTED AND ANY RESERVATIONS THAT THE GENERAL COURT MAY PRESCRIBE?"

YES _____

NO _____

SUMMARY

The Legislature has placed this question on the ballot in order to determine whether the people favor or oppose the construction of an oil refinery and deep water port in Massachusetts. The vote on this question is not binding on the Legislature. The question deals with the general advisability of such construction and is not a specific proposal for a facility. If a specific proposal is made, it would be subject to approval by the communities directly affected and subject to any restrictions imposed by the Legislature.

Question No. 9. THIS QUESTION IS NOT BINDING

The following is a non-binding advisory question:

"SHALL RETAIL STORES INCLUDING PACKAGE LIQUOR STORES, SO CALLED, BE ALLOWED TO OPEN FOR BUSINESS ON SUNDAY?"

YES _____

NO _____

SUMMARY

The Legislature has placed this question on the ballot in order to determine whether the people favor or oppose the Sunday opening of certain

retail stores, including package liquor stores. As the law now stands, most retail and all package liquor stores must be closed on Sundays. The vote on this question is not binding on the Legislature.

The polls will be open from 8:00 a.m. to 8:00 p.m.

HEREOF FAIL NOT and make return of this Warrant with your doings thereon to the Town Clerk at the time and place of holding this meeting aforesaid.

GIVEN UNDER OUR HANDS THIS 21st day of October, 1976.

SPECIAL TOWN MEETING

DECEMBER 1, 1976

The Special Town Meeting was called to order at 8:00 P.M. by Moderator Daniel J. Coughlin, Jr. who recognized the presence of a quorum. There were 470 voters present.

Chairman of the Board of Selectmen Paul C. Hart moved that the reading of the Constable's return of service and the posting of the warrant be waived. It was so voted, unanimously. Mr. Hart moved that the reading of the entire warrant be waived. It was so voted unanimously.

The following tellers were appointed:

Ina Greenblatt	Dan Burke
Carl Olsson	Charles Fairburn
Richard Burtt	Charles Coffey

Selectman Arnold J. Lovering made a presentation to three students who are visiting our country thru the AFS Program (American Field Service Program), Lars Astrand from Helsingborg Sweden, Gregg Zimmerman from Grafton Wisc. and Ingrid Franke from Ludenschud Germany.

Moderator Daniel J. Coughlin Jr. introduced the new member of the Finance Committee, Mr. James Decker. The moderator also thanked the Town Counsel Clement McCarthy for a job well done, as this will be his last attended Town Meeting as our Town Counsel.

A discussion pertaining taking Article 7 out of order and placing it before Article 1 followed:

Attorney James Paisley representing DeMoulas Markets made a motion to advance Out of Order Article 7 before Article 1. Mrs. Ruth Delaney spoke against taking the article out of order, Paul C. Hart Chairman of the Board of Selectmen spoke against taking the Article out of order as did A. Robert Rabb Chairman of the Planning Board.

The motion to take Article 7 out of order was voted on and defeated

UNDER ARTICLE 1 Mr. Paul C. Hart moved that the town vote to transfer from available funds the sum of $2,315.00 to meet bills for previous years.

+R 2,315.00

Selectman Thomas Palmer spoke in favor of this article.

A 9/10 vote required -- Motion carried, unanimously.

UNDER ARTICLE 2 Mr. Paul C. Hart moved that the Town vote to transfer from available funds the sum of $1,450.00 to pay the Treasurer of Middlesex County Retirement system, said amount needed to honor corrected assessment.

Sel. Thomas Palmer spoke in favor of the article.

Motion Carried, unanimously.

UNDER ARTICLE 3 Mr. Gerald Hardy moved that the Town vote to transfer $10,000.00 from the sale of Graves & Lots to Cemetery Imporovement & Development Fund.

Finance Committee member Richard Sullivan recommended this article.

Motion carried, unanimously.

UNDER ARTICLE 4 Mr. Paul C. Hart moved that the Town vote to authorize the Board of Selectmen to apply for and expend funds under the Public Works Employment Act.

Sel. Arnold Lovering spoke in favor of this article. The Finance Committee supported this article.

Motion carried, unanimously.

UNDER ARTICLE 5 Paul C. Hart moved that the Town vote to transfer from available funds the sum of $10,000.00 to be used for procuring plans and specifications for a proposed new Town Hall to be located at 11 North road, Chelmsford.

A Discussion followed, Sel. Lovering explained this motion would give the Selectmen the right to spend up to $10,000.00 to get together plans for a new Town Hall in order to get funds, when they are available from Feder funds. The Finance Committee supported this article. Mr. Jacob Sartz didn't like the idea of the Selectmen getting a blank check and being able to do what ever they wanted with the money. Mr. Soucey opposed the article. Mr. Drury wanted to know if the Emerson house would be demolished. Sel. Lovering stated that the house might be moved to another location in town but if it was to be demolished it would have to come before the town body for approval.

A vote was taken on the motion by voice, which left the chair in doubt -- a showing of hands resulted in the motion being passed. IT WAS SO VOTED

UNDER ARTICLE 6 Paul C. Hart moved that the Town vote to authorize the Board of Selectmen to expend the sum of $18,000.00 for the installation of traffic control devices on Chelmsford Street in the vicinity of the Chelmsford Mall, as voted under Article 13, Special Town Meeting, October, 1974.

A discussion followed: Sel. Philip Currier spoke in favor of this article and urge supporting the article. The Finance Committee supported the article. Mr. William McDonough stated that traffic lights were not needed in the area, Sel. Currier explained that the lights were Pedestrian crossing lights not traffic control lights.

James Harrington pass president of the Westland's School PTA supported the article.

A vote was taken on the motion. Motion carried.

UNDER ARTICLE 7 Mr. Frank Bove moved that the Town vote to amend the present zoning by-law and zoning map by rezoning from residential district (single residence-RB) to a Commercial District (Shopping center- CC) the following described land in the Town of Chelmsford,

Beginning at the Southerly portion of the premises at the corner of Evergreen and Chelmsford Streets, thence:

SOUTHWESTERLY by Evergreen Street, 552.90 feet, more or less;
NORTHWESTERLY by land now or formerly of Richard O, and Carol A. Lahue, Jr.,100.58 feet;
SOUTHWESTERLY by land now or formerly of Richard O. and Carol A. Lahue., Jr., 29.38 feet;
NORTHWESTERLY by land now or formerly of Florina S. and Joseph S. Athaids, 98 feet, more or less;
NORTHEASTERLY by land of Valley Properties, Inc., 615.47 feet, more or less; and
SOUTHEASTERLY by Chelmsford Street, 199 feet, more or less, to the Point of beginning.

The Finance Committee was opposed the Article. A discussion followed. Mr. Arthur Anton made a motion to dismiss and refer Article 7 to the Board of Appeals for further study. Reggie Larkin spoke against the article being dismissed as it could come back at a future Town Meeting. Mrs. Delaney, Mr. Robert Rabb and John Conrad all spoke against the article being dismissed. James Paisley approved of the article being dismissed. Mr. Edward Hilliard wanted the motion defeated in order to give guidlines to the Board of Appeals. Mr. Timothy Hehir moved the question to stop debate on the Motion to dismiss the article and refer the article to the Board of Appeals.

A Vote was taken to stop debate. Motion carried. A vote was taken on the motion to dismiss the article and refer it to the board of Appeals. Motion defeated.

A discussion followed on the main motion. Mr. Rabb stated that as a result of the Public hearing on the above article the Planning Board vote unanimously not to recommend the article. John McNally moved the question to stop debate.

Board of Selectmen

ARTICLE 6. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of $420,569.00 or some other sum of money to pay the Treasurer of Middlesex County Retirement System, the said amount being the town's share of the pension, expense and military service funds; or act in relation thereto.

Board of Selectmen

ARTICLE 7. To see if the Town will vote to raise and appropriate or transfer from available funds a certain sum of money to be used as a Reserve Fund at the discretion of the Finance Committee, as provided in General Laws, Chapter 40, Section 6; or act in relation thereto.

Finance Committee

ARTICLE 8. To see if the Town will vote to adopt the following: Be it resolved that the Town of Chelmsford asks its representatives in the General Court that there be no extension of Compulsory and Binding Arbitration beyond its termination date of June 30, 1977; or act in relation thereto.

Board of Selectmen

ARTICLE 9. To see if the Town will vote to adopt the following: Be it resolved that the Town of Chelmsford asks its representatives in the General Court to support an increase in the amount of local aid funding for fiscal 1978 at least sufficient to cover the increased costs of the state mandated programs caused by inflation; or act in relation thereto.

Board of Selectmen

ARTICLE 10. To see if the Town will vote to adopt the following: Be it resolved that the Town of Chelmsford asks its representatives in the General Court to work against passage of all legislation imposing additional costs on local governments unless full funding is also voted; or act in relation thereto.

Board of Selectmen

ARTICLE 11. To see if the Town will authorize the transfer of reimbursement funds in the sum of $645,000.00 received from the Commonwealth of Massachusetts Flood Relief Board to pay a bond issue note or notes borrowed for the purpose of the reconstruction of Crystal Lake; or act in relation thereto.

Board of Selectmen

ARTICLE 12. To see if the Town will vote to rescind the balance of $305,000.00 from "Loans Authorized" as approved under Article 22 at the Annual Town Meeting held March 12, 1973. ADJOURNED ANNUAL TOWN MEETING

May 12, 1977

The Adjourned Annual Town Meeting was called to order by the Moderator Daniel J. Coughlin who recognized the presence of a quorum, at 9:12 PM.

Mr. A. Robert Raab moves to take article 51 out of order prior to article 50.

UNDER ARTICLE 51 Chairman of the Planning Board A. Robert Raab briefly outlined the areas to be covered. Mr. Herr the Board's consultant, explained the effects of the article. Mr. Raab then gave a presentation, by reading the Planning Boards recommendation: Article 51 would replace the current zoning by-law and map with new ones, which are intended to be clearer, better organized, reflective of current state law and better tuned to current land management needs. At the Public hearing held on April 28, with about sixty people present, no objections to this article were voiced, The Planning Board recommends adoption as presented in the warrant. The Finance Committee was in favor of the Article. Mr. Joseph Gutwein moves to amend the article by : Amending Paragraph 1425, Section (d) page 7 of the Proposed Zoning Bylaws dated March 1, 1977, to read (d) Utilities and drainage and assurances that sanitary liquid waste disposal in and abutting the proposed development are adequate to serve the uses contemplated, or will be made adequate within the time that construction occurs, so that there will be no nuisance, hazard, or inconvience to adjacent areas. Motion carried to amend.

Avote by voice taken on the Main Motion as amended. Motion Carried Unanimously on the article in its entirety.

Article Fifty-One as amended in its entirety reads as follows:

ARTICLE I. ADMINISTRATION AND PROCEDURE

1100. Title, Authority, Purpose

1110. Title. This bylaw shall be known as and may be cited as the "Zoning Bylaw of the Town of Chelmsford, Massachusetts", hereinafter referred to as "this bylaw".

1120. Authority. This bylaw is adopted pursuant to the provisions of Chapter 40A of the General Laws of the Commonwealth of Massachusetts, and amendments thereto, hereinafter referred to as the "Zoning Act".

1130. Purpose. It shall be the purpose of this Bylaw to lessen congestion in the streets; to conserve health; to secure safety from fire, flood, panic and other dangers; to provide adequate light and air; to prevent overcrowding of land; to avoid undue concentration of population; to encourage housing for persons of all income levels; to facilitate the adequate provision of transportation, water supply, drainage, sewerage, schools, parks, open space and other requirements; to conserve the value of land and buildings including the conservation of natural resources and the prevention of blight and pollution of the environment; to encourage the most appropriate use of land throughout the town, including consideration of the recommendations of the master plan, if any, adopted by the Chelmsford Planning Board and the comprehensive plan, if any, of the regional planning agency; and to preserve and increase amenities.

1200. Administration

1210. Responsibility. This Bylaw shall be enforced by the Building Inspector, who shall take such action as may be necessary to enforce full compliance with the provisions of this Bylaw and of permits and variances issued hereunder, including notification of non-compliance and request for legal action through the Selectmen to the Town Counsel.

1220. Compliance Certification. Buildings, structures, or land may not be erected, substantially altered, or changed in use without certification by the Building Inspector that such action is in compliance with then applicable zoning, or without review by him regarding whether all necessary permits have been received from those governmental agencies from which approval is required by federal, state, or

local law. Issuance of a Building Permit or Certificate of Use and Occupancy, where required under the Commonwealth of Massachusetts State Building Code, may serve as such certification.

1230. Professional Inspection. Construction on projects under a single building permit involving either one or more structures (other than one- and two-family dwellings) each containing 35,000 cubic feet of volume or more, or involving 50 or more dwelling units, irrespective of type, shall be done with the inspection of a registered professional engineer or architect, retained by the developer. Such engineer or architect shall periodically, as requested by the Building Inspector, attest that all work being done under his supervision is being done in accordance with the plans as approved for a building permit, in accordance with any stipulations of applicable permits, special permits, or variances, and in accordance with all applicable town and state codes and regulations. Discrepancies from the above noted by such engineer or architect shall be reported forthwith to the Building Inspector.

1240. Penalty. Any person violating any of the provisions of this Bylaw shall be fined not more than $100 for each offense. Each day that such violation continues shall constitute a separate offense.

1300. Board of Appeals

1310. Establishment. The Board of Appeals shall consist of five members and three associate members, who shall be appointed by the Selectmen and shall act in all matters under this Bylaw in the manner prescribed by Chapters 40A, 40B, and 41 of the General Laws.

1320. Powers. The Board of Appeals shall have and exercise all the powers granted to it by Chapters 40A, 40B, and 41 of General Laws and by this Bylaw. The Board's powers are as follows:

1321. To hear and decide applications for Special Permits upon which the Board is empowered to act under this Bylaw, in accordance with Section 1500.

1322. To hear and decide appeals or petitions for variances from the terms of this Bylaw, including variances for use, with respect to particular land or structures. Such variance shall be granted only in cases where the Board of Appeals finds all of the following:

(a) A literal enforcement of the provisions of this Bylaw would involve a substantial hardship, financial or otherwise, to the petitioner or appellant.

(b) The hardship is owing to circumstances relating to the soil conditions, shape or topography of such land or structures and especially affecting such land or structures but not affecting generally the zoning district in which it is located.

(c) Desirable relief may be granted without either:

(1) substantial detriment to the public good; or

(2) nullifying or substantially derogating from the intent or purpose of this Bylaw.

1323. To hear and decide other appeals. Other appeals will also be heard and decided by the Board of Appeals when taken by:

(a) Any person aggrieved by reason of his inability to obtain a permit or enforcement action from any administrative officer under the provisions of Ch. 40A, G.L.; or by

(b) The Northern Middlesex Area Planning Council; or by

(c) Any person including any officer or Board of the Town of Chelmsford or of any abutting town, if aggrieved by any order or decision of the Building Inspector or other administration official, in violation of any provision of Ch. 40A, G.L.; or this Bylaw.

1324. To issue Comprehensive Permits. Comprehensive Permits for construction may be issued by the Board of Appeals for construction of low or moderate-income housing by a public agency or limited dividend or non-profit corporation, upon the Board's determination that such construction would be consistent with local needs, whether or not consistent with local zoning, building, health, or subdivision requirements, as authorized by Sec. 20-23, Ch. 40B, G.L.

1325. To issue withheld Building Permits. Building Permits withheld by the Building Inspector acting under Sec. 81Y, Ch. 41, G.L., as a means of enforcing the Subdivision Control Law may be issued by the Board of Appeals where the Board finds practical difficulty or unnecessary hardship, and if the circumstances of the case do not require that the building be related to a way shown on the subdivision plan in question.

1330. Public Hearings. The Board of Appeals shall hold public hearings in accordance with the provisions of Chapters 40A, 40B, and 41 of the General Laws on all appeals and petitions brought before it.

1340. Repetitive Petitions. Repetitive petitions for exceptions, appeals and petitions for variances, and applications to the Board of Appeals shall be limited as provided in Section 16 of Chapter 40A, General Laws.

1400. Planning Board

1410. Special Permits. In instances where this Bylaw provides for Special Permits to be acted upon by the Planning Board, those actions shall be based upon the considerations of Section 1500.

1420. Site Plan Review

1421. No permit for the construction, alteration, reconstruction, relocation or change of use shall be issued for the categories listed at Section 1423 without referral of the applicant's proposals to the Planning Board, and the receipt of said Board's written approval thereof by the Inspector of Buildings, unless thirty-five days have elapsed without receipt of such report from the Planning Board.

1422. At the time of application for a building or occupancy permit, a site plan, as required in Section 1424, shall be transmitted to the Planning Board in two copies, together with all supporting documentation. The applicant may, prior to submitting his application, request in writing to the Planning Board, a waiver of one or more of the requirements of Section 1424 by submitting a preliminary plan sufficient to describe the proposed development and conferring thereon with the Planning Board at a regular

meeting. The Planning Board shall prepare a written report, within fourteen days of its conference with the applicant, on the waiver request which shall accompany the application recommending either (a) that the applicant's preliminary plan is sufficient for review and is either approved, not approved, or approved with certain changes by the Planning Board without further review by them, or, (b) that a site plan under Section 1424 is necessary and must be submitted to the Planning Board, or, (c) a modified site plan, with specifically named elements, is necessary and must be submitted to the Planning Board.

1423. The following types of applications, either for a building permit, an occupancy permit, or a special permit for exception shall be subject to Planning Board site plan review.

(a) any proposed commercial or industrial development involving construction of 3,000 sq. ft. floor area or more.

(b) any multi-family construction, or multi-family residential development.

(c) any proposed alteration, expansion or change in a parking area for eight or more cars, or off-street loading area abutting a residential or institutional use.

(d) any proposed construction, alteration, relocation, or structural or use change in a Flood Plain District defined in Section 2700 of this Bylaw.

(e) any proposed construction, alteration, relocation or structural or use change of a non-residential building or structure of greater than 3,000 square feet of ground floor area in an RA, RB or RC District.

1424. Site Plan. Unless waived in accordance with recommendations of the Planning Board as provided for in subsection 1422, a site plan shall be prepared in conformity with the following requirements. No waiver of these requirements shall be permitted unless the scope of the applicant's proposal is such that it is evident that adequate review and compliance with this Bylaw can be obtained with lesser requirements.

(a) The site plan shall be prepared by a registered Architect, Landscape Architect, Professional Engineer, or Land Surveyor.

(b) The site plan shall show the boundaries of the lot or lots in the proposed development, proposed structures, drives, parking, landscaping, screening, fences, walls, walks, outdoor lighting, utilities, drainage, topography and final grading at two foot contour intervals, all facilities for refuse and sewage disposal and disposal or storage of all wastes, loading facilities, all recreation facilities proposed, all open space areas proposed, the location, size, and design of all proposed signs, the location of all hydrants, fire alarm and fire fighting facilities on site, all wetland areas and areas included in a Flood Plain District, the ground floor plan, architectural elevations of all proposed buildings, and any other matters necessary to describe the proposed development.

(c) The site plan shall be accompanied by a written statement indicating the estimated time required to complete the proposed project and any and all phases thereof.

(d) There shall be submitted a written estimate, showing in detail the costs of all site improvements planned.

(e) A written summary of the contemplated project shall be submitted with the site plan indicating where appropriate, the number of dwelling units to be built and the acreage in residential use, the evidence of compliance with parking and off-street loading requirements, the forms of ownership contemplated for the property and a summary of the provisions of any ownership or maintenance thereof, identification of all land that will become common or public land, and any other evidence necessary to indicate compliance with this Bylaw.

(f) The site plan shall be accompanied by drainage calculations by a Registered Professional Engineer. Storm drainage design must conform to Town of Chelmsford Subdivision Regulations.

1425. Planning Board Approval. The Planning Board shall approve the site plan when the following requirements are satisfied:

(a) Internal circulation and egress are such that traffic flow is adequately served and the safety of individuals is protected, and further that access via minor streets serving residential neighborhoods is minimized.

(b) Visibility of parking areas from public ways is minimized and adequate screening measures are taken to minimize headlight glare from parking lots adjacent to residential areas, to minimize floodlight glare from parking areas, and to confine vehicles to the parking area and restrict them from using adjacent properties.

(c) Adequate access to each structure for fire emergency and service equipment is provided.

(d) Utilities and drainage and assurances that sanitary liquid waste disposal in and abutting the proposed development are adequate to serve the uses contemplated, or will be made adwquate within the time that construction occurs, so that there will be no nuisance, hazard, or inconvenience to adjacent areas.

(e) Major topographic changes or removal of existing trees or other important natural elements of the site will be minimized.

(f) Effective use is made of topography, landscaping, building placement, and building design to maintain, to the degree feasible, the character of the neighborhood.

(g) Particular care is taken in the plan to provide a reasonable degree of compatibility between the proposed development and adjacent areas through the use of natural buffer strips, screening, and the location of like uses or like intensity along the boundary where other uses, particularly residential uses, exist or are permitted.

(h) The site plan and supporting data clearly indicate that noise, odor, glare, flashing and other such elements shall be effectively confined to the area as required in Section 3200, Environmental Protection Standards.

(i) The appropriate amount of parking is provided and efforts are made to avoid where possible overly expansive parking areas by utilizing raised planting strips, trees, and similar landscape features.

(j) Pedestrian circulation is provided for within the development and there is a rational linkage of the system within the development to existing or potential circulation outside.

(k) That all other requirements of this Bylaw applicable to the site plan have been satisfied.

1426. Conformity. A site plan which has been approved by the Planning Board and approved by the Inspector of Buildings or Board of Appeals, as the case may be, shall become a part of the building permit(s) and continuing conformance therewith shall be the basis for issuance of occupancy permits. If construction fails to follow the approved site plan, all permits shall be revoked until compliance is assured. No such revocation or suspension of permits shall be permitted to exceed six months duration without submission of a new site plan and supporting documents and review and approval as provided for in this Section. The Inspector of Buildings shall periodically inspect progress and compliance with the provisions herein and with the approved site plan and shall take whatever action is required consistent with the above and with Section 1230 of this Bylaw. Where the site improvements required for conformity with this Bylaw, including screening, landscaping, parking, off-street loading facilities, access roads and drives, and other similar required improvements are extensive, the approving authority, as provided herein, may require a performance bond or other performance guarantees in a form complying with those provided for in the Rules and Regulations of the Planning Board of the Town of Chelmsford. Such required performance guarantee shall be properly executed and submitted to the approval authority before any building or occupancy permits for the development shall be issued. Release of performance guarantee shall not occur until such time as construction has been completed in compliance with this Bylaw and the approved site plan.

1500. Special Permits

1510. Public Hearing. Special permits shall only be issued following public hearings held within sixty-five days after filing with the special permit granting authority an application, a copy of which shall forthwith be given to the town clerk by the applicant.

1520. Criteria. Special permits for exceptions shall normally be granted where specific provisions of this Bylaw are met, except when particulars of the location or use, not generally true of the district or of the uses permitted in it, would cause granting of such permit to be to the detriment of the public interest because:

1521. it appears that the performance standards of Section 3200 or other requirements of this Bylaw cannot or will not be met, or

1522. traffic generated or patterns of access or egress would cause congestion, hazard, or substantial change in established neighborhood character, or

1523. the continued operation of or the development of adjacent uses as permitted in the Zoning Bylaw would be adversely affected by the nature of the proposed use, or

1524. nuisance or hazard would be created to the detriment of the health, safety and/or welfare of the occupants of the proposed use or the citizens of the Town, or

1525. for other reasons, the proposed use would impair the integrity of the district or adjoining district, or otherwise derogate from the intent and purpose of this Bylaw.

1530. Conditions. Special permits may be granted with such reasonable conditions, regulations, or limitations as the special permit granting authority may deem necessary to serve the purposes of this Bylaw.

1540. Expiration. Special permits shall expire upon transfer of ownership prior to initiation of substantial construction on the site, or if a substantial use thereof or construction has not begun, except for good cause, within 12 months of Special Permit approval (plus such time required to pursue or await the determination of an appeal referred to in Section 17, Ch. 40A, G.L., from the grant thereof).

1600. Amendments

This bylaw may from time to time be changed by amendment, addition, or repeal by the town meeting in the manner provided in Ch. 40A, G.L., as amended.

1700. Court Appeal

Any person aggrieved by a decision of the Board of Appeals or any special permit granting authority, whether or not previously a party to the proceeding, or any municipal officer or board may, as provided in Section 17, Ch. 40A, G.L., appeal to the Superior Court or to the Land Court by bringing an action within twenty days after the decision has been filed in the office of the Town Clerk.

1800. Applicability

1810. Other Laws. Where the application of this Bylaw imposes greater restrictions than those imposed by any other regulations, permits, easements, covenants or agreements, the provisions of this Bylaw shall control.

1820. Minima. The regulations set by this Bylaw shall be the minimum regulations and shall apply uniformly to each class or kind of structure or use and, particularly:

1821. No building, structure, or land shall hereafter be used or occupied, and no building or structure shall be erected, raised, moved, placed, reconstructed, extended, enlarged, or altered except in conformity with the regulations specified herein for the district in which it is located.

1822. No building shall hereafter be used, erected, or altered to accommodate or house a greater number of families; to occupy a greater percentage of lot area; to exceed the height or bulk requirements; or to have narrower or smaller rear yards, front yards, side yards, than is specified herein.

1823. No yard or other open space, or off-street parking or loading area, or any portion thereof, provided for any building, structure, or use in conformity with this Bylaw shall be included as part of the yard, open space or off-street parking or loading area similarly required for any other building, structure, or use, unless specifically allowed in this Bylaw.

1900. Validity

The invalidity of any section or provision of this Bylaw shall not invalidate any other section or provision thereof.

ARTICLE II DISTRICT REGULATIONS

2100. Establishment of Districts

For the purpose of this Bylaw, the Town of Chelmsford is hereby divided into the following types of districts:

Single Residence Districts	RA, RB
General Residence District	RC
Multiple Residence District	RM
Neighborhood Commercial District	CA
Roadside Commercial District	CB
Shopping Center District	CC
General Commercial District	CD
Limited Industrial District	IA
Special Industrial District	IS

The boundaries of each district are hereby established as shown, defined, and bounded on the map accompanying this Bylaw and on file with the Clerk of the Town of Chelmsford, entitled, "Zoning Map", originally dated May, 1963, as most recently amended. All explanatory matter thereon is hereby made a part of this Bylaw. And,

(a) where the boundary lines are shown upon said map as approximately following the street lines of public and private ways or railways, the centerlines of such ways shall be the boundary lines.

(b) where the boundary lines are shown approximately on the location of property lot lines, and the exact location of property, lot, or boundary lines is not indicated by means of dimensions shown in figures, then the property or lot lines shall be the boundary lines.

(c) boundary lines located outside of street lines and shown approximately parallel thereto shall be regarded as parallel to such street lines, and dimensions shown in figures placed upon said map between such boundary lines and street lines are the distance in feet of such boundary lines from such street lines; such distances being measured at right angles to such street lines unless otherwise indicated.

(d) in all cases which are not covered by other provisions of this section, the location of boundary lines shall be determined by the distance in feet, if given, from other lines upon said map, by the use of identifications as shown on the map, or by the scale of the map.

(e) where the district boundary line follows a stream, lake, or other body of water, said boundary line shall be construed to be at the thread or channel of the stream, or at the limit of the jurisdiction of the Town of Chelmsford, unless otherwise indicated.

(f) where a district boundary line divides any lot existing at the time such line is adopted, the regulations of any district in which the lot has frontage on a street may be extended not more than thirty feet into the other district.

2200. Use Regulations

2210. Application. No building or structure shall be erected, and no premises shall be used, except as set forth in the Use Regulations Schedule.

2220. Uses Not Listed. If a particular use is not specifically included in the Use Regulations Schedule, then the Board of Appeals may determine whether in the district in which an unlisted use is proposed, uses having similar externally observable attributes are or may be permitted, and if so, the Board of Appeals may authorize such use or uses as a special permit for exception under Section 1500.

2230. Symbols. In the following Use Regulations Schedule, symbols shall mean the following:

P - A permitted use
O - An excluded or prohibited use.
BA - A use authorized under Special Permit for Exception from the Board of Appeals as provided for in Section 1500.
PB - A use authorized under Special Permit for Exception from the Planning Board as provided for in Section 1500.

Notes to Use Regulations Schedule

1 - Except "0" for any establishment over 3,000 sq. ft. gross floor area.

2 - Provided there are no structures, pumps, or fuel storage tanks within fifty feet of a residential lot or residential district.

3 - Provided that there are neither hogs nor fur-bearing animals.

2400. Nonconforming Uses

The lawful use of any structure or land existing at the time of enactment or subsequent amendment of this Bylaw may be continued although such structure or use does not conform with provisions of the Bylaw, subject to the following conditions and exceptions:

2410. Abandonment. A nonconforming use which has been abandoned or discontinued for a period of two years or more shall not be re-established and any future use shall conform with the Bylaw.

2420. Extension or Alteration. As provided in Section 6 of Chapter 40A, G.L., pre-existing nonconforming structures or uses may be extended or altered, provided that no such extension or alteration shall be permitted unless there is a finding by the Board of Appeals that such extension or alteration shall not be substantially more detrimental to the neighborhood than the existing nonconforming use.

2430. Operation Continuance. Construction or operations under a building or special permit shall conform to any subsequent amendment of this Bylaw unless the use or construction is commenced within a period of six months after the issuance of the permit and in cases involving construction, unless such construction is continued through to completion as continuously and expeditiously as is reasonable.

2440. Restoration. No nonconforming structure, other than a single or two-family dwelling, damaged by fire, storm, or other accidental causes to the extent of more than seventy-five (75) percent of its replacement value shall be repaired except in conformity with this Bylaw, and provided further that such restoring shall be completed within two years after such catastrophe.

2450. Changes. Once changed to a conforming use, no structure or land shall be permitted to revert to a nonconforming use.

2500. Intensity of Use Regulations

2510. Building. All building in any district shall meet the minimum requirements set forth in the following Intensity of Use Schedule unless otherwise expressly provided by this Bylaw or by Section 6 of Ch. 40A, G.L.

2520. Lot Change. No lot shall be created, nor shall an existing lot be changed in size or shape except through a public taking, or except where otherwise permitted herein, so as to result in violation of the requirements set forth in the following Intensity of Use Schedule.

2530. Isolated Lots. Any increase in area, frontage, width, yard or depth requirements of this Bylaw shall not apply to a lot for single and two-family residential use which at the time of recording or endorsement, whichever occurs sooner, was not held in common ownership with any adjoining land, conformed to then existing requirements, and had less than the proposed requirement but at least five thousand square feet of area and fifty feet of frontage.

2540. Accessory Building. No accessory building or structure, except a permitted sign or roadside stand, shall be located within a required front yard area. A detached accessory building may be located in the rear yard areas and on the same lot as the principal building, provided that not more than twenty-five percent of the required yard area shall be so occupied, and further provided that an accessory building shall not be located nearer than ten feet from the principal building and at least five feet from any side or rear lot line. An accessory building attached to its principal building or within ten feet of it shall be considered an integral part thereof and as such shall be subject to the front, side, and rear yard requirements applicable to the principal building.

2550. Erection of More Than One Principal Building on a Lot. In any district, more than one principal building or structure may be erected or moved onto a lot provided that area and yard requirements can be met as though each structure were located on an individual lot, and provided that the plans therefor are reviewed by the Planning Board in accordance with Section 1420.

2560. Conversion of Dwelling Units. Alteration of a single-family dwelling, existing at the time of adoption of this bylaw, for occupancy by not more than two families, is permitted, in accordance with Section 2300 of this Bylaw, provided that the lot contains not less than 15,000 square feet; that the exterior design of the structure is not changed from the character of a single-family dwelling; and provided further that at least 600 square feet of living space shall be provided for each resulting dwelling unit.

2740. District Use Regulations

2741. The Flood Plain District shall be considered as overlying other Districts. Any uses permitted in the portions of the Districts so overlaid shall be permitted subject to all of the provisions of this Section.

2742. In the Flood Plain District no new building shall be erected or constructed, and no existing structure shall be altered, enlarged or moved; no dumping, filling, or earth transfer or relocation shall be permitted; nor any land, building, or structure used for any purposes except:

(a) Conservation of water, plants, and wildlife.

(b) Outdoor recreation, including play areas, nature study, boating, fishing and hunting, where otherwise legally permitted, but excluding buildings and structures.

(c) Non-commercial signs (as permitted in the residential districts), wildlife management areas, foot, bicycle, and/or horse paths and bridges, provided that such uses do not affect the natural flow pattern on any watercourse.

(d) Grazing and farming, including truck gardening and harvesting of crops.

(e) Forestry and nurseries.

2743. The portion of any lot within the area delineated in Subsection 2730 above may be used to meet the area and yard requirements for the District or Districts in which the remainder of the lot is situated.

2750. Exceptions. In the Flood Plain District, the Board of Appeals may grant a special permit for exception for uses or structures in addition to those allowed under Section 2740, subject to the following:

2751. The request has been referred by the applicant to the Planning Board, the Board of Health, and the Conservation Commission for review and recommendation as provided in Section 11, Ch. 40A, G.L.

2752. The land is shown to be neither subject to flooding nor unsuitable for the proposed use because of hydrologic and/or topographic conditions;

2753. The proposed use will not be detrimental to the public health, safety, and welfare; and

2754. The proposed use will comply in all respects to the provisions of the underlying District or Districts within which the land is located.

ARTICLE III. GENERAL REGULATIONS

3100. Off-Street Parking and Loading

3110. Parking Requirements

3111. Adequate off-street parking must be provided to service all parking demand created by new structures, additions to existing structures, or changes of use. Existing buildings and uses need not comply unless expanded or otherwise changed to increase their parking needs.

3112. In applying for building or occupancy permits, the applicant must demonstrate that the minimum parking requirements set forth below will be met for the new demand without counting existing parking necessary for existing uses to meet these requirements.

3113. These requirements may be reduced on Special Permit by the Planning Board if it finds that fewer spaces meet all parking needs. Such cases might include:

(a) Use of a common parking lot for separate uses having peak demands occurring at different times;

(b) Age or other characteristics of occupants which reduce their auto usage;

(c) Peculiarities of the use which make usual measures of demand invalid.

3114. Common parking areas may be permitted for the purpose of serving two or more principal uses on the smae or separate lots, provided that:

(a) Evidence is submitted that parking is available within 500 feet of the premises, which lot satisfies the requirements of this Bylaw and has excess capacity during all or part of the day, which excess capacity shall be demonstrated by competent parking survey conducted by a Traffic Engineer registered in the Commonwealth of Massachusetts.

(b) A contract, agreement, or suitable legal instrument acceptable to Chelmsford's Town Counsel, shall be filed with the appliaation for building permit, occupancy permit, or special permit for exception which shall specify the location of all spaces to be jointly used, the number of such spaces, the hours during the day that such parking shall be available, and the duration or limit, if any on such parking.

(c) Any reduction in area required for parking because of these joint use provisions shall be reserved in landscaped open space. Such area shall be computed at the rate of 400 square feet per parking space.

(d) Nothing in this section shall relieve the owner from providing parking facilities in accordance with this Bylaw if subsequently the joint use of parking facilities shall terminate.

3120. Number of Spaces. For the purpose of computing the parking requirements of different uses, the number of spaces required shall be the largest whole number obtained after increasing all fractions upwards to one. Employees shall include the largest number of owners, managers, full and part time workers, and volunteers that may be normally expected on the premises during any single shift or portion thereof. The number of seats in benches, pews, or other continuous seating arrangements shall be calculated at twenty inches for each seat. The following minimum parking requirements shall apply to uses as listed below.

Stores, Retail Business, and Services. One space per 200 square feet of gross leasable floor area or a minimum of at least three spaces per establishment.

Banks, Libraries, and Post Offices. One space per 100 square feet of floor area devoted to public use, plus one space per employee.

Bowling Alleys. Four spaces for each alley.

Business and Professional Offices, Office Buildings, and Office of a Wholesale Establishment including Sales Space. One space per 200 square feet of gross floor area.

Medical and Dental Offices and Clinics. One space per 200 square feet of gross floor area.

Restaurants, Lounges, and Function Rooms. One space per three seats based on the legal seating capacity of the facility.

Fast Food Establishment. One space per 50 square feet of gross floor area.

Theater, Funeral Home, and Places of Assembly. One space for each four seats or for each 50 square feet of assembly area.

Hotels, Motels, Tourist Homes. One space per guest room, plus one space per employee, plus a number of spaces as required elsewhere herein for restaurants, assembly halls, function rooms, shops and similar functions if occurring on the premises.

Non-family Accommodation. One space per two persons accommodated.

Nursing and Convalescent Homes. One space for each three beds, plus one space for each employee serving on the shift having the greatest number of employees, plus one space for each visiting staff.

Clubs, Lodges and Association Buildings. One space per three memberships.

Lumber and Building Material Yards, Nurseries, and Outdoor Sales. One space per 150 square feet of office and indoor sales area and/or one space per 1,000 square feet of outdoor sales area.

Manufacturing, Truck Terminals, Wholesale Establishments, Public Utility Buildings other than their Business Offices, Warehouses and similar uses not normally visited by the general public. One space per 1.4 employees plus one space for each vehicle used in the operation.

Any Other Non-Residential Use, Or Any Use Involving A Combination of Functions Similar To or Listed Herein. A number of spaces as determined by the Inspector of Buildings by application of the ratios above.

Single Family, Two Family, and Multi-Family Dwelling. Two spaces per dwelling unit for units with two or more bedrooms, one space per dwelling unit for others.

Home Occupations. In addition to the spaces required for the dwelling, one space per non-resident employee, plus a number of spaces sufficient to satisfy the requirement of Sec. 3111.

3130. Off-Street Loading. All buildings requiring the delivery of goods, supplies, or materials, or shipment of the same, shall have bays and suitable maneuvering space for off-street loading of vehicles in accordance with the following:

3131. Retail Stores and Services. For each establishment with a gross floor area from 5,000 to 8,000 square feet, at least one berth. Additional space is required at the rate of one berth per 8,000 square feet or nearest multiple thereof. Where two or more such establishments are connected by a common wall such as in a shopping center, common berths may be permitted for the use of all establishments at the rate of one berth space per 8,000 square feet in the entire shopping center.

3132. Office Buildings. For each office building with gross floor area of 4,000 square feet or more, at least one berth shall be provided.

3133 Manufacturing, Industrial Warehousing. For manufacturing, industrial and warehousing and similar uses up to 8,000 square feet of gross floor area, at least one berth shall be provided. For larger floor areas, additional berths shall be provided as required by the Inspector of Buildings adequate for off-street loading and unloading.

3140. Parking and Loading Area Design and Location

3141. No off-street parking area shall be located within 15 feet of a street right-of-way, or in any required yard adjacent to a residential or institutional use.

3142. Parking spaces more than 500 feet from the building entrance they serve may not be counted towards fulfillment of parking requirements unless the Planning Board determines that circumstances justify this greater separation of parking from use.

3143. All required parking areas except those serving single-family residences shall be paved, unless exempted on Special Permit from the Planning Board for cases such as seasonal or periodic use where unpaved surfaces will not cause dust, erosion, hazard, or unsightly conditions.

3144. Parking areas for 5 or more cars shall not require vehicles to back onto a public way. The following shall apply to entrances or exits to all parking areas having 20 or more spaces:

(a) Entrance or exit centerlines shall not fall within 50 feet of an intersection of street sidelines or within 150 feet of the centerline of any other parking area entrance or exit on the same side of the street, whether on the same parcel or not, if serving 20 or more spaces. Uses shall arrange for shared egress if necessary to meet these requirements.

(b) Egressing vehicles shall have 400 feet visibility in each travel direction.

(c) Such parking lots shall contain or be bordered within 5' by at least one tree per 10 parking spaces, trees to be of 2" caliper or larger, with not less than 40 square feet of unpaved soil area per tree. Trees and soil plots shall be located so as to assure safe internal circulation and to provide visual screening from streets and residential areas.

(d) Street entrances shall be designed consistent with Massachusetts DPW Traffic Regulations, Section 10A-9 or subsequent revisions.

(e) Continuous curbing shall be provided to control access and damage, and wheel stops shall be provided for all other parking areas of five or more vehicles.

3145. Loading areas and parking areas for 10 or more cars shall provide screening in accordance with Section 3400.

3200. Environmental Protection Standards

3210. Compliance. No activity shall be permitted in any district unless it shall be in conformity with the standards for environmental protection included herein. The Inspector of Buildings may require an applicant for a building or occupancy permit to supply, at his expense, such technical evidence as is necessary in support of the application, and may, in connection therewith, and at the applicant's expense, obtain expert advice as necessary to review the plans and proposals of the applicant. Payment for such expert advice to the Inspector of Buildings shall be made, or guaranteed by bond or by other legally binding device, before further consideration of the application shall continue. After a permit is issued in accordance with this Section, continuing compliance is required. When the Inspector of Buildings suspects a subsequent violation he may, as necessary, obtain expert advice, which if the violation is established, shall be paid for by the violator, otherwise, by the Town.

3220. Water Quality. No discharge at any point into any public sewer, private sewerage disposal system, stream, water body, or into the ground, of any materials of such nature or temperature as can contaminate such water body or water supply, or cause emission of dangerous or offensive elements in reaction thereto, shall be permitted except in accordance with applicable federal, state, and local health and water pollution control laws and regulations.

3230. Air Quality. No building or occupancy permit shall be issued for any facility specified in regulation 2.3 Regulations As Amended For the Control of Air Pollution in the Merrimack Valley Air Pollution District, Commonwealth of Massachusetts, Department of Public Health, Bureau of Air Quality Control, until written approval for the facility has been obtained from the Department of Public Health. The provisions of said Regulations shall apply to dust, flash, gas, fume, mist, odor, smoke, vapor, pollen, microorganism, radioactive material, radiation, heat, sound, any combination thereof, or any decay or reaction product thereof in the ambient air space.

3240. Noise. No use shall be permitted within the Town of Chelmsford which, by reason of excessive noise generated there from, would cause nuisance or hazard to persons or property. Exempt from the provisions of this subsection are (a) vehicles not controlled by an owner or occupant of a lot within the Town, (b) temporary construction activities occurring during the hours of 7 a.m. to 6 p.m. on weekdays,

(c) Occasionally used safety signals, warning devices, emergency pressure relief valves, or other such temporary activity, (d) use of power tools and equipment such as lawn mowers, snow-blowers, chain saws, tractors, and similar equipment for the maintenance of property. For the purposes of this Bylaw the standards in the following Table shall apply:

3241. Noise Standards: Table 1

For Sounds Generated Continuously From Any Source Not Otherwise Exempted Above, and Measured:	Max. Permitted Sound Levels (in dBA)*
(a) At the lot line of an adjacent or nearby residence or institutional use, weekdays during the hours of 7 a.m. to 6 p.m.	60
(b) At the lot line of an adjacent or nearby residence or institutional use, Sundays or during the hours of 6 p.m. to 7 a.m. weekdays	50
(c) At the lot line of an adjacent Business Use	65
(d) At the lot line of an adjacent Industrial Use	70

*dBA shall mean the A-weighted sound pressure levels in decibels, as measured by a General Purpose Sound Level Meter complying with the provision of "American National Standards Institute. The instrument shall be properly calibrated and set to the A-weighted response scale, and the meter set to the slow response. Reference pressure shall be 0.0002 microbars.

3242. Exceptions For Intermittent Noise. The levels (dBA) specified in Table 1 may be exceeded by 10 dBA, weekdays during the hours of 7 a.m. to 6 p.m., but not at any other time, for a period not to exceed twenty minutes during any one day.

3243. Impact Noise. Impact Noise such as from a punch press, drop forge hammer, or similar equipment, shall be measured using the fast response of the Sound Level Meter, and shall not exceed the levels specified in Table 1 by more than 10 dBA.

3250. Other Requirements

3251. No vibration, odor, glare, or flashing shall be detectable without instruments at any lot line of a residence or an institutional use.

3252. Cinders, dust, fumes, gases, odors, smoke, radiation, refuse or other waste materials shall be effectively confined to the premises and treated or disposed of in accordance with state, federal, and Town laws and regulations.

3253. No process shall be used which creates visual or audible interference in any radio or television receivers off the premises or causes fluctuations in excess of ten percent in line voltage off the premises.

3254. All activities involving, and all storage of, inflammable and explosive materials shall be provided with adequate safety devices against hazards from fire and explosion, and with adequate fire fighting and fire supression equipment standard in this industry. Burning of waste materials in the open, contrary to state law is prohibited.

3255. All materials which may be edible by or attractive to rodents or insects shall, when stored in or outdoors, be stored in tightly closed containers.

30. Signs and Outdoor Lighting

3310. General Regulations

3311. Permits. No sign shall be erected, enlarged, or structurally altered without a sign permit issued by the Building Inspector, with the exception of unlighted signs one square foot or smaller and temporary real estate signs. Permits shall only be issued for signs in conformance with this Bylaw. Permit applications shall be accompanied by two prints of scale drawings of the sign, supporting structure, and location. A copy of any relevant Special Permit shall also accompany the application. All free-standing signs shall be registered and identified as required by Section 1407.0 of the State Building Code.

3312. Maintenance. All signs shall be maintained in a safe and neat condition to the satisfaction of the Building Inspector and in accordance with Sections 1404.0 and 1405.0 of the State Building Code.

3313. Nonconformancy. Any nonconforming sign legally erected prior to the adoption of this provision, or any amendment hereto, may be continued and maintained, except that no off-premises signs (Sec. 3314g) may be maintained after June 1, 1980. Any sign rendered nonconforming through erection of additional signs on the premises or through change or termination of activities on the premises shall be removed within thirty days of order by the Building Inspector. No existing sign shall be enlarged, reworded, redesigned, or altered in any way except in conformity with the provisions contained herein. Any sign which has been destroyed or damaged to the extent that the cost of repair or restoration will exceed one-third of the replacement value as of the date of destruction shall not be repaired, rebuilt, restored, or altered unless in conformity with this Bylaw.

3314. Prohibitions

(a) No sign shall be lighted, except by a steady, stationary light, shielded and directed solely at or internal to the sign, resulting in sign brightness not inconsistent with other signs in the vicinity of the town.

(b) No sign shall be illuminated in any residential district or within 300 feet of any residential district if within sight from it between the hours of 11:00 p.m. and 7:00 a.m. unless indicating an establishment open to the public during those hours.

(c) No moving, animated, revolving, moving light, or flashing sign or sign elements shall be permitted. No pennants, streamers, advertising flags, spinners, or similar devices shall be permitted.

(d) Visibility of autos on an intersecting way shall not be obstructed by signs within twenty-five feet of any intersection.

(e) No part of any sign shall be more than twenty feet in height above ground level unless granted a Special Permit for an exception by the Board of Appeals where such additional height is justified by need for visibility but will not visually intrude into residential districts.

(f) Temporary signs (including those mounted on wheels, trailers, or motor vehicles if those vehicles, trailers, or wheeled signs are regularly located for fixed display) are prohibited unless complying with all requirements of this bylaw as applicable to permanent signs.

(g) No billboard or other sign shall be erected or maintained unless its subject matter relates exclusively to the premises on which it is located, or to products, accommodations, services, or activities on those premises.

3320. Signs Permitted In Residential Districts. RA, RB, RC, and RM, shall include:

3321. One sign for each family residing on the premises indicating the owner or occupant or pertaining to a permitted accessory use, provided that no such sign shall exceed one square foot in area.

3322. One sign not over nine square feet in area pertaining to a permitted use or building other than dwellings or their accessory uses.

3323. One temporary unlighted sign not over six square feet in area pertaining to the sale, rent, or lease of the premises provided that it shall be removed within seven days after sale, rent, or lease thereof.

3324. Unlighted directional signs not exceeding one square foot in area each and pertaining to permitted building, uses of the premises other than dwellings and their accessory uses, or prohibiting use of the premises or certain portions of it.

3330. Signs Permitted in Business Districts, CA, CB, CC, and CD shall include:

3331. One sign mounted on the face or wall of the building not to exceed in area 15 percent of the front wall area of said building if occupied by a single business, or one sign similarly mounted for each separate business jointly occupying a divided building, each sign not to exceed 15 percent of the front wall area of that section of the building occupied by any individual business; and provided that in either circumstance the sign does not extend above or beyond its wall or parapet.

3332. One free standing sign located within the front yard area of a building and not exceeding 15 percent of the front wall of the building, or 60 square feet, whichever is smaller, provided that the building has a minimum setback of 30 feet and the sign is so located as to be set back 15 feet from the street line and 20 feet from any side lot line.

3333. Directional signs, each not to exceed 3 square feet in area.

3334. One window sign for each window of the building not to exceed in area 20 percent of the area of any window upon which located.

3335. Temporary, freestanding pole or ground signs may be erected on the premises to identify any building under construction, its owner, architect, builder or others associated with it, provided that such sign shall not exceed sixty square feet in area and shall not be erected to interfere with sight lines along the public way. Such sign shall be removed within seven days of the issuance of an occupancy permit.

3336. Temporary freestanding ground or pole sign or sign attached to the front wall of the building and pertaining to the sale, rental, or lease of the premises. Such sign shall be removed within seven days of the sale, rental, or lease of said premises.

3340. Signs Permitted in Industrial Districts, IA and IS. Any sign permitted in a business district excepting window signs and provided that any freestanding sign shall be permitted only where the building has a minimum setback of fifty feet and the sign is set back a minimum of twenty feet from the street line and thirty feet from side lot lines.

3350. Outdoor Lighting. Outdoor lighting devices shall employ only steady stationary light of reasonable intensity and shall be shielded or placed in such way as to not cast a direct beam on a public way, pedestrian way, or an adjacent property or cause a glare or reflection that may constitute a traffic hazard or nuisance.

3400. Grading and Screening

3410. Grading.

3411. Slopes of 15% or greater which will result from grading, construction, or other land alteration shall be stabilized either through a structural retaining wall or cribbing, or through vegetative slope stabilization; comprising not less than 4" of topsoil planted densely with plants having shallow fibrous roots sufficient to retain the soil, such as grasses, legumes, dogwood, amur privet, rugosa rose, and bayberry.

3412. Lots having average finish grades in excess of 10% shall either retain existing vegetation, or provide vegetative slope stabilization as above, on a percentage of lot area equal to not less than twice the average percentage slope.

3420. Screening

3421. The following shall be screened from any adjacent residential district or use from which they would otherwise be visible:

(a) outdoor commercial recreation;
(b) outdoor sales displays.

3422. The following shall be screened from any adjacent residential district or use from which they would otherwise be visible, and also from any public way from which they would otherwise be visible:

(a) contractor's yard;
(b) open storage;
(c) loading and service areas;
(d) drive-in theater;
(e) outdoor parking or storage for ten or more cars;
(f) granite operations;
(g) solid waste facility.

3423. "Screening" in this context shall mean an area four feet wide densely planted and maintained with evergreen trees or shrubs three feet or more in height when planted, or a wall, 50% opaque fence, or earth berm 42" or more in height, supplemented with plantings, or equivalent visual screening by building placement, natural vegetation, or difference in elevation between potential viewers and the screened areas; except that lower elements shall be used where necessary for egress visibility.

ARTICLE IV. SPECIAL REGULATIONS

4100. Accessory Uses and Structures

4110. Home Occupations. Any permitted Home Occupation shall comply with the following requirements, conditions, and guidelines:

4111. The occupation or profession shall be carried on wholly within the principal building or within a building or other structure accessory thereto, provided that no more than twenty-five (25) percent of the floor area of the residence is used for the purposes of the home occupation or the professional use;

4112. Not more than one person outside the household shall be employed in the home occupation;

4113. There shall be no exterior display, no exterior sign except as permitted under Section 3300, no exterior storage of materials and no other exterior indication of the home occupation or variation from the residential character of the principal building;

4114. No offensive noise, vibration, smoke, dust, odors, heat or glare shall be produced;

4115. Sufficient space shall be provided so that all parking is accommodated off-street, but not more than two spaces within any required yard, and not occupying more than twenty (20) percent of the lot area. Any such parking area of greater than two spaces shall be designed, located, landscaped and screened so as to be unobtrusive to view from any public way or from any adjacent residential lot line;

4116. No traffic shall be generated by the Home Occupation in substantially greater volumes than would normally be expected in a residential neighborhood of the type in which said use is located.

4120. Swimming Pools. Any constructed pool, located above or below the ground, whether portable or fixed, used or capable of being used for swimming, wading, or bathing purposes and having a depth of at least two feet and a capacity of at least two hundred cubic feet in volume, shall be subject to the following requirements:

4121. Every outdoor swimming pool shall be completely surrounded at all times, whether or not filled with water, by a fence or wall not less than four feet in height; unless the pool wall itself is four feet or more above grade at all points.

4122. Every such fence, wall, door or gate shall be constructed as not to have openings, holes or gaps larger than 2 inches in a horizontal dimension and 4 inches in the vertical dimension or shall be otherwise designed, constructed and maintained to be non-climbable by small children. The wire sizes for all fences and doors fabricated with wire mesh shall not be less than No. 13 wire. The gates or doors opening in the fence shall be at least of the same height and construction as the fence or wall and shall be equipped with a self-closing and self-latching device located at least four feet above the underlying ground and inaccessible from the outside to small children. Every gate or door shall be kept locked at all times when the swimming pool enclosure is not in use.

4123. All ladders used to gain access to above ground pools shall be removed or placed so as not to allow entrance by small children when the pool is not in use. No permanent ladders may be attached to above ground pools on the outside unless the pool is surrounded by a separate fence as specified above.

4130. Barn Sale, Yard Sale, Garage Sale, or Flea Market. The temporary use of residential, institutional, or industrial premises for sale of personal property is permitted provided that a temporary occupancy permit is obtained. Such permits shall be issued by the Inspector of Buildings for up to two consecutive days only, not more than twice each calendar year for any given premises. For each such sale a separate permit shall be required. No merchandise dangerous to life or limb shall be shown or sold and all persons conducting such sales shall take all necessary steps for the protection of persons while on their premises.

4140. Scientific Uses. Uses, whether or not on the same parcel as activities permitted as a matter of right, accessory to activities permitted as a matter of right, which activities are necessary in connection with scientific research or scientific development or related production, may be permitted upon the issuance of a Special Permit by the Board of Appeals provided the granting authority finds that the proposed accessory use does not substantially derogate from the public good, as evidenced by consistency with the criteria of Section 1520.

4150. Roadside Stands. Roadside stands shall be located at least 15 feet back from any street right-of-way and 20 feet from any lot line. Portable stands shall be removed during seasons when not in use.

4160. Animals Accessory to Dwellings. Cattle, horses, sheep, hogs, goats, or similar livestock shall be maintained accessory to a dwelling only on a lot having an area of not less than 40,000 square feet plus 15,000 square feet per large animal (25 pounds or heavier at maturity) in excess of one or per ten smaller animals in excess of the first ten. Such animals and their wastes shall be contained at least 50 feet from any abuttting lot line of a residentially used lot, and at least 50 feet from any year-round surface water body.

4170. Unregistered Motor Vehicles. No person shall permit more than two unregistered motor vehicles or trailers or major parts thereof, except for farm vehicles, to remain ungaraged on his premises at any time unless under a Class 1 or Class 2 License for sale of motor vehicles (Sec. 57-69, Ch. 140.

4200. Earth Removal and Landfill

4210. General. No operations for the removal of sod, loam, peat, humus, clay, sand, or gravel, and no land fill operations shall be permitted except in accordance with the conditions and procedures contained herein. The provisions of this section shall not apply to removal or filling incidental to the construction of a building, at the site of removal or filling, for which a building permit has been issued which is not more than six months old, or for grading or otherwise improving the premises around the building, provided that any fill material imported to the site shall be inorganic material and further provided that any such earthwork, final grades, planting and landscaping is conducted with due regard for the protection of persons and property adjacent to the site. The provisions of this Section shall not apply to any Town operated or Town maintained land fill.

4220. Special Permit for Exception. The Board of Appeals may, by special permit for exception, permit earth removal or land fill operations but only in accordance with the procedural requirements for such permits contained in the Zoning Act and Section 1500 of this Bylaw, and further subject to the following conditions:

4221. Application. Each application for earth removal or land fill shall be accompanied by a plan of land, at least six 8"x10" photographs of the area, and a statement describing the fill material to be used and where such fill would be obtained. The plan of land shall indicate existing grade, proposed area of fill, proposed area of cut, area to be left as natural ground, grades below which no removal is to take place, proposed final landscaping, and bench marks. A final plan of land shall be prepared showing the final grades, cross sections, location of culverts and other site improvements, and cover vegetation, trees and landscaping. Both plans of land shall be prepared by a registered civil engineer and surveyor, except that the Board of Appeals may waive this requirements, upon written request, where

it is evident that the applicant's plan is sufficiently accurate for the scope of operations and where such operations will be minor. The initial plan of land shall be prepared in five copies and, at the time of application to the Board of Appeals, shall be distributed to the Inspector of Buildings, Town Engineer, Planning Board, and Conservation Commission who may make a report with recommendations to the Board of Appeals either at or prior to the hearing on the application. The final plan of land shall be prepared in at least three copies, one of which shall be distributed to the Inspector of Buildings. and one to the Town Engineer who shall review the final plan and completed site for conformity with this Bylaw and any terms and conditions imposed by the Board of Appeals.

4222. A performance bond in an amount determined by the Board of Appeals shall be posted in the name of the Town assuring satisfactory compliance with this Bylaw and any conditions imposed by the Board of Appeals in the interests of safe-guarding the area and the Town against injury, assuring proper future use of the land after operations are completed, or to control the transportation of such material through the Town. Upon failure to comply and forfeiture of the bond, monies therefrom shall be utilized by the Town for the purpose of fulfilling these requirements.

4223. Before granting a special permit for removal or filling, the Board of Appeals shall give due consideration to the location of the proposed operation, to the general character of the neighborhood surrounding such location, to the existing topography and natural landscape, drainage patterns, ground cover and vegetation, and to the general safety of the public on the public ways and in the vicinity of the removal or land fill operations.

4224. The Board of Appeals may set additional conditions governing the conduct of operations, hours when trucking is permitted, trees, screening, and landscaping which shall be in writing and a part of the permit issued. No permit shall be issued for more than one year, and may be renewed only upon application and following a public hearing. Prior to renewal, inspection of the premises shall be made by the Inspector of Buildings. The Board of Appeals, after hearing and proof of violation of the terms of the permit or of this Bylaw shall withdraw the permit, after which the operation shall be discontinued, and the area restored in accordance with Section 4240 of this Bylaw

4225. The Inspector of Buildings is authorized to make periodic inspections of any earth removal or land fill site and promptly make reports to the Board of Appeals when non-compliance is observed.

4226. Bond shall not be released until sufficient time has lapsed to ascertain that any filled area has stabilized, that vegetation planted has successfully been established, and the drainage is satisfactory.

4230. Earth Removal. Removal operations shall comply with the following standards:

4231. Removal shall not take place below a level that would reasonably be considered a desirable grade for the later development of the area, or below the grades specified on the plan accompanying the permit, provided such plan has been approved or modified in accord with the directive of the Board of Appeals.

4232. During removal operations, no slope shall exceed one foot rise to one and one half feet horizontal distance or the natural angle of repose of the material in a dry state, whichever is lower, except in ledge rock.

4233. Provision shall be made for safe drainage of water, and for preventing wind or water erosion carrying material onto adjoining properties.

4234. Soil shall not be disturbed within 100 feet of the boundaries of the premises, excepting at the conclusion of operations, if required in order to improve the overall grading.

4240. Restoration. Forthwith following the expiration or withdrawal of a permit or upon voluntary cessation of operations, or upon completion of removal in a substantial area, that entire area shall be restored as follows:

4241. All land shall be graded so that the elevation of any disturbed areas shall be one foot or more above the grade level of any adjacent street or way and so that no slope exceeds a rise of one foot vertical for each three feet of horizontal distance, and shall be graded as to safely provide for drainage without erosion.

4242. All boulders larger than one half cubic yard shall be removed or buried.

4243. The entire area of disturbed ground shall be covered with not less than four inches of loam, which shall be planted with cover vegetation adequate to prevent soil erosion, using either grasses or ground cover, depending upon conditions.

4250. Land Fill. Land fill operations shall comply with the following standards:

4251. Material. Only inorganic matter lending itself to high density packing may be used for landfill operations.

4252. Grade. All land fill operations when completed shall not be more than one foot above grade level [illegible] any adjacent street or way or adjoining properties.

4253. Slope and Drainage. All land fill operations when completed shall be so graded that no slope exceeds one foot rise to three feet horizontal distance and shall be graded so as to safely provide for drainage without erosion.

4254. Loam. All land fill operations, when completed shall be covered with at least four inches of loam, landscaped and seeded (or hot-topped if the prior written approval of the Board of Appeals is obtained).

4255. Retaining Walls. Where it is necessary to erect retaining walls to guard against erosion, such retaining walls shall be no more than eighteen inches above the grade of all adjacent streets or ways with the filled land at least eight inches below the top of the retaining wall.

4300. Fairs, Carnivals and Similar Events

Special permits for carnivals, fairs, exhibits, or similar outdoor events may be granted only consistent with the following:

4310. Sponsorship. The sponsor shall be a religious, charitable, social or public organization.

4320. Duration. The event shall continue no longer than one week at any one time, and not more than two such events shall be authorized within any 12 months for any one sponsor.

4330. Other Requirements. All requirements of this bylaw, except paving for parking areas but including Section 3200, Environmental Protection Standards, and Section 3350, Outdoor Lighting, shall be observed.

ARTICLE V. DEFINITIONS

In this Bylaw, the following terms and constructions shall apply unless a contrary meaning is required by the context or is specifically prescribed in the text of the Bylaw. Words used in the present tense include the future. The singular includes the plural and the plural includes the singular. The word "shall" is mandatory and "may" is permissive or discretionary. The word "and" includes "or" unless the contrary is evident from the text. The word "includes" or "including" shall not limit a term to specified examples, but is intended to extend its meaning to all other instances, circumstances, or items of like character or kind. The word "lot" includes "plot"; the word "used" or "occupied" shall be considered as though followed by the words "or intended, arranged, or designed to be used or occupied". The words "building", "structure", "lot", or "parcel", shall be construed as being followed by the words "or any portion thereof". The word "person" includes a firm, association, organization, partnership, company, or corporation, as well as an individual. Terms and words not defined herein but defined in the Commonwealth of Massachusetts State Building Code shall have the meaning given therein unless a contrary intention is clearly evident in this Bylaw.

ACCESSORY BUILDING. A subordinate building located on the same lot as the main, or principal building or principal use, the use of which is customarily incidental to that of the principal building or use of the land.

ACCESSORY USE. A use customarily incidental to that of the main or principal building or use of the land.

ALTERATIONS. As applied to a building or structure, a change or rearrangement in the structural parts or in the exit facilities, or an enlargement whether by extending on a side or by increasing in height, or the moving from one location or position to another.

ANIMAL KENNEL OR HOSPITAL. Premises used for the harboring and/or care of more than three dogs or other domestic, non-farm animals (three months old or over). Use shall be so classified regardless of the purpose for which the animals are maintained, whether fees are charged or not, and whether the use is a principal or accessory one.

BARN SALE, GARAGE SALE OR YARD SALE. Any sale of personal property conducted by the owner or the immediate members of his family at his or their own residence.

BOATHOUSE, PRIVATE. Facility for storage of boats for private use and not for hire.

BOATHOUSE, PUBLIC. A structure for the storage of boats for remuneration or hire, for boat sales, fuel sales, and boat repairs.

BUILDING. A structure enclosed within exterior walls or fire-walls, built, erected, and framed of a combination of any materials, whether portable or fixed, having a roof, to form a structure for the shelter of persons, animals, or property. For the purposes of this definition, "roof" shall include an awning or any similar covering, whether or not permanent in nature.

BUILDING COVERAGE. That percentage of the lot or plot area covered by the roof area of a building or buildings.

BUILDING HEIGHT. The vertical distance from the grade to the highest point of the roof. When a building faces more than one street, the height shall be measured from the average of the grade at the center line of each street front. Not included are spires, cupolas, antennae, or similar parts of structures which do not enclose potentially habitable floor space.

BUILDING, PRINCIPAL. A building in which is conducted the main or principal use of the lot on which said building is situated.

BUSINESS OR PROFESSIONAL OFFICE. A building or part thereof, for the transaction of business or the provision of services exclusive of the receipt, sale, storage, or processing of merchandise.

CLUB OR LODGE. Buildings, structures and premises used by a non-profit social or civic organization, or by an organization catering exclusively to members and their guests for social, civic, recreational, or athletic purposes which are not conducted primarily for gain and provided there are no vending stands, merchandising or commercial activities except as may be required generally for the membership and purposes of such organization.

CONTRACTOR'S YARD. Premises used by a building contractor or sub-contractor for storage of equipment and supplies, fabrication of sub-assemblies, and parking of wheeled equipment.

DWELLING. A building designed and occupied as the living quarters of one or more families. Single and Two Family Dwellings shall be designed for and occupied by not more than one or two families, respectively. A Multi-Family Dwelling shall be one designed for and occupied by three or more families.

EARTH REMOVAL. Extraction of sand, gravel, top soil, or other earth for sale or for use at a site removed from the place of extraction exclusive of the grading of a lot preparatory to the construction of a building for which a building permit has been issued, or the grading of streets in accordance with an approved Definitive Plan, and exclusive of granite operations.

EDUCATIONAL PURPOSE, EXEMPT BY STATUTE. Educational purposes exempted from prohibition, regulation, or restriction as provided in Section 3, Chapter 40A, G.L.

ERECT. To build, construct, reconstruct, move upon, or conduct any physical development of the premises required for a building; to excavate, fill, drain, and the like preparation for building shall also be considered to erect.

FAMILY. Any number of individuals living and cooking together on the premises as a single housekeeping unit.

FARM. Any parcel of land containing at least five acres which is used for gain in the raising of agricultural products, livestock, poultry and dairy products. It includes necessary farm structures within the prescribed limits and the storage of equipment used. It excludes the raising of fur bearing animals, hogs, riding academies, livery or boarding stables and dog kennels.

FAST FOOD ESTABLISHMENT. Premises used for the sale of on-premises prepared food and drink for off-premises consumption or for on-premises consumption if, as sold, such food or drink is ready for take-out; unless such use is wholly incidental to another use defined in this Bylaw (e.g.,"Restaurant").

FUNERAL HOME. Facility for the conducting of funerals and related activities such as embalming.

GRANITE OPERATIONS. The removal and processing of granite for construction use, not including stone crushing.

HOME OCCUPATION. An occupation, business, trade, service or profession which is incidental to and conducted in a dwelling unit or in a building or other structure accessory thereto, by a resident thereof.

JUNK. Any article or material or collection thereof which is worn out, cast off or discarded and which is ready for destruction or has been collected or stored for salvage or conversion. Any article or material which, unaltered or unchanged and without further reconditioning can be used for its original purpose as readily as when new shall not be considered junk.

JUNK YARD. The use of any area of any lot, whether inside or outside of a building for the storage, keeping, or abandonment of junk, or scrap or discarded materials, or the dismantling, demolition, or abandonment of automobiles, or other vehicles, or machinery or parts thereof. The keeping of such articles including unregistered, inoperative motor vehicles, shall constitute a junk yard regardless of the length of time that any one or more such articles remain on the premises.

LIGHT INDUSTRY. Fabrication, assembly, processing, finishing work or packaging in such a manner that regulations of Section 3200 are conformed to.

LOT. A continuous parcel of land with legally definable boundaries.

LOT CORNER. A lot with two adjacent sides abutting upon streets or other public spaces.

LOT, DEPTH OF. The mean distance from the street line of the lot to its opposite rear line measured in the general direction of the side lines of the lot.

LOT, FRONTAGE OF. That portion of a lot fronting upon and providing rights of access to a street, to be measured continuously along a single street or along two intersecting streets if their angle of intersection is greater than 120 degrees.

LOT LINE. A line dividing one lot from another, or from a street or any public place.

LOT, WIDTH OF. The horizontal distance between side lot lines, measured parallel to the lot frontage at the front yard setback line.

MOBILE HOME. A dwelling built on a chassis, containing complete electrical, plumbing and sanitary facilities, and designed without necessity of a permanent foundation for yearround living, irrespective of whether actually attached to a foundation or otherwise permanently located.

MOTEL OR HOTEL. A building or group of buildings providing accommodations for compensation on a transient basis, but not meeting the definition of "non-family accommodations". Accommodations individually having a stove and either or both a refrigerator and sink shall be considered dwelling units.

MOTOR VEHICLE GENERAL REPAIRS. Premises for the servicing and repair of autos, but not to include fuel sales.

MOTOR VEHICLE LIGHT SERVICE. Premises for the supplying of fuel, oil, lubrication, washing, or minor repair services, but not to include body work, painting, or major repairs.

NON-FAMILY ACCOMMODATIONS. Boarding houses, lodging houses, guest houses, tourist homes, dormitories, half-way houses, or similar accommodations. Accommodations shall be considered hotels or motels if having a sign in excess of two square feet or other departure from residential character; or, if having specified term of residence less than one week. Accommodations individually having a stove and either or both a refrigerator and a sink shall be considered dwelling units.

NURSERY SCHOOL. A school designed to provide daytime care or instruction for two or more children from two to five years of age inclusive and operated on a regular basis.

NURSING OR CONVALESCENT HOME. Any building with sleeping rooms where persons are housed or lodged and furnished with meals and nursing care for hire.

OPEN SPACE, LANDSCAPED. That part or parts of a lot designed and developed with trees, plants, shrubs, flowers, grass, groundcover, and other landscape features, including natural features of the site, walks, terraces, and open areas otherwise free of any structures or pavement. Such landscaped open space as is provided shall be maintained by the owner throughout the duration of his or her tenure.

OUTDOOR COMMERCIAL RECREATION. Drive-in theater, golf driving range, miniature golf, race track, amusement park, professional sports stadium, or similar commercial recreation conducted in whole or in part outdoors. The term shall not include exhibits, fairs, carnivals, or similar events conducted by, for the benefit of, or under the auspices of clubs, religious organizations, institutions, or similar non-profit or public organizations under a temporary use permit issued by the Inspector of Buildings.

RESTAURANT. A building, or portion thereof, containing tables and/or booths for at least two-thirds of its legal capacity, which is designed, intended and used for the indoor sales and consumption of food prepared on the premises, except that food may be consumed outdoors in landscaped terraces, designed for dining purposes, which are adjuncts to the main indoor restaurant facility. The term "restaurant" shall not include "fast food establishments".

RIDING ACADEMY OR PUBLIC STABLE. An establishment where horses are kept for sale, riding, driving, or stabling, for compensation or incidental to the operation of a club, association, or similar establishment.

ROADSIDE STAND. A structure of a semi-permanent type or of a temporary nature, from which farm products the major portion of which are produced on the lot, are offered for sale to the public.

SIGN. Any device designed to inform or attract the attention of persons not on the premises on which the device is located. Any building surfaces other than windows which are internally illuminated or decorated with gaseous tube or other lights are considered "signs". The following, however, shall not be considered signs within the context of this Bylaw:

a) flags and insignia of any government except when displayed in connection with commercial promotion,

b) legal notices, or informational devices erected or required by public agencies,

c) temporary devices erected for a charitable or religious cause,

d) temporary displays inside windows, covering not more than thirty (30) per cent of window area, illuminated by building illumination only,

e) standard gasoline pumps bearing thereon in usual size and form the name, type, and price of gasoline,

f) integral decorative or architectural features of a building, except letters, trademarks, moving parts, or parts internally illuminated or decorated with gaseous tube or other lights.

SIGN AREA. The area of the smallest horizontally or vertically oriented rectangle which could enclose all the display area of the sign, together with any backing different in color or material from the finish material of the building face, without deduction for open space or other irregularities. Structural members not bearing advertising matter shall not be included unless internally or decoratively lighted. Only one side of flat, back-to-back signs need be included in calculating sign area.

SOLID WASTE DISPOSAL FACILITY. Sanitary landfill, refuse transfer station, refuse incinerator with grate area in excess of ten (10) square feet, composting plant, solid waste recycling operation, and any other works or use approved by the Massachusetts Department of Public Health and the Board of Health of the Town of Chelmsford for processing, handling, treating, and disposing of solid or liquid waste materials, including garbage, rubbish, junk, discarded bulk items, and sludges but not raw sewage, and any similar waste items.

STREET. An accepted town way, or a way established by or maintained under County, State, or Federal authority, or a way established by a subdivision plan approved in accordance with the Subdivision Control Law, or a way determined by the Planning Board to have sufficient width, suitable grades, and adequate construction to provide for the needs of vehicular traffic in relation to the proposed use of the land, and for the installation of municipal services to serve such land and the buildings erected or to be erected thereon.

STRUCTURE. A combination of materials assembled at a fixed location to give support or shelter, such as a building, framework, retaining wall, tent, reviewing stand, platform, bin, fence, sign, flagpole, recreational tramway, mast for radio antenna or the like.

TEMPORARY STRUCTURE. A portable or demountable structure to be removed within twelve months.

TRANSPORT TERMINAL. Yards or structures for the storage and/or servicing of two or more commercial vehicles or of one or more trucks over two tons.

WAREHOUSE AND OPEN STORAGE. Storage of bulk goods and products whether indoors or out for distribution but not for sale on the premises.

WOOD OPERATION. Forests, wood lots, portable wood-working mills and machinery located on the property for use in connection with the forest and wood lot operations of the owner only, with products stored not within 100 feet of a street line.

YARD. A space open to the sky, located between a building or structure and a lot line, unoccupied except by fences, walls, poles, paving, and other customary yard accessories.

YARD, FRONT. A yard extending the full width of the lot and situated between the street line and the nearest point of the building.

YARD, REAR. A yard the full width of the lot and situated between the rear line of the lot and the nearest part of the main building projected to the side line of the lot.

YARD, SIDE. A yard situated between the nearest point of the building and the side line of the lot and extending from the front yard to the rear yard. Any lot line not a rear line or a front line shall be deemed a side line.

UNDER ARTICLE 50Chairman of the Planning Board A. Robert Raab gave a presentation on the article, after Mr. Herr the Board's consultant explained the proposed changes. Mr. Raab: Article 50 would revise how multifamily development is regulated, and would amend the zoning map at ten locations in order to facilitate business development, allow for multifamily development, and afford environmental protection. Based on its studies and the testimony at its hearing on April 28, the Planning Board recommends approval of the article, Mr. Raab then moves to amend the following:

The following map changes to be deleted: the change from RB to RM on Riverneck Road.

Motion Carried unanimously

Section 4421 to be reworded to read as follows: 4421. RM Districts may be created by Town Meeting vote, but only if the district will contain at least five acres of land and contain rights of access for 250 linear feet upon one or more of the following:

1. a state-numbered highway, or
2. a street having right-of-way width of sixty feet or more, or
3. a street determined by the Planning Board to have current annual average daily traffic equal to 1,000 vehicles per day or more.

Finance Committee is in favor the motion to amend

Motion Carried

Shirley Boyd moves to amend the main motion by deleting from the proposed Zoning By-Law and Zoning map the proposal to rezone from RC (General Residence) to RB (Singles Residence) that parcel of land bounded by Golden Cove Road, Billerica Road, Wilson Street, Chelmsford Street and the N.Y.N.H. & H.R.R. Tracks, Mr. Geary representing Miss Boyd, spoke on the motion. Mr. Raab explained why the Planning Board wanted the change to stay RB. A discussion followed with a number of residents speaking against the motion, Sandra A. Kilburn, Chris Alexion & Joseph Gutwein. Paul Bienvenu spoke in favor of the motion as did Shirley Boyd, and the Finance Committee was also in favor of the Boyd motion. Timothy Hehir moves to stop debate on the motion.

Motion Carried

A Voice vote was taken on the main motion as amended. Motion Defeated

John Hibbard then moved to amend the article as follows: That the map change to IA District in the area of Manning Road be deleted and that this area be retained as RB (Single Residence) Mr. Raab as Chairman representing the Planning Board spoke in favor as the change appears on the map (IA). Then Mr. Raab as a Planning Board Member spoke in favor to delete the IA and change back to RB. Motion Carried to amend. Mr. Brian Sullivan moves to stop debate, motion carried unanimously.

A voice vote was questioned by Brian Sullivan - a hand count YES286 NO147

Motion Carried as amended.

UNDER ARTICLE 50 con't John H. Jason then moves to amend the article as follows: That the map change to RB District in the area of Canal Road be deleted and that this area be retained as IA (Light Industry). The Finance Committee recommends Article 50 as amended. Motion Carried

A vote taken on Article as amended in its entirety YES 388 NO 17

Motion carried

Article Fifty as amended in its entirety reads as follows:

1. Revise Section 2600, Intensity of Use Schedule, as follows:

1.1 Replace footnote "a." referenced to the minimum lot area in the RM District, with the following:

"a. For multi-family dwellings, not less than 80,000 square feet or 6,000 square feet per dwelling unit, whichever is greater."

1.2 Under Landscaped Open Space, delete the row headed "Min. sq. ft. per dwelling unit" in its entirety, and in the row headed "Min. % of lot area" insert "10" in the EC and RM columns.

2. Revise Article IV Special Regulations by inserting a new Section 4400, to read as follows:

"4400. Multi-Family Dwellings

4410. Objectives. The objectives for allowing controlled multi-family development in Chelmsford are to provide greater variety and choice in housing types, to broaden availability of housing for persons and families of limited income, to focus development at locations able to support it with relatively small environmental or municipal cost, and to protect the town's natural environment, existing character and development, and ability to provide public services.

4420. District Creation

4421. RM Districts may be created by town meeting vote, but only if the district will contain at least five acres of land and contain rights of access for 250 linear feet upon one or more of the following:

1. a state-numbered highway, or
2. a street having right-of-way width of sixty feet or more, or
3. a street determined by the Planning Board to have current annual average daily traffic equal to 1,000 vehicles per day or more

4422. Except as part of a comprehensive reconsideration of the zoning map, the Planning Board shall neither sponsor nor favorably recommend any proposal to create an RM district unless it has had presented to it at a public hearing preliminary proposals and analyses, including the following:

a. A schematic site plan of the district, showing general shape and location of structures, parking, retained vegetation, wetlands, and points of egress onto public ways.

b. Materials indicating proposals for methods of water supply and sewage disposal; number of dwelling units, distinguishing single-family v. multi-family; a development schedule for dwellings and improvements; proposed form of tenure, whether rental, condominium, cooperative, or other; means, if any, of providing for design control; and means, if any, of providing assurance of long-term conformity to present proposals.

c. Analysis of the consequences of the proposed development, evaluating the following impacts at a level of detail appropriate to the number of units proposed, and using analysis materials provided by the Planning Board:

Natural environment: groundwater and surface water quality, groundwater level, stream flows, erosion and siltation, vegetative removal (especially unusual species and mature trees), and wildlife habitats.

Public services: traffic safety and congestion, need for water system improvements, need for public sewerage, need for additional public recreation facilities, need for additional school facilities.

Economics: municipal costs and revenues, local business activity, local jobs.

Social environment: rate of town population growth, range of available housing choice.

Visual environment: visibility of buildings and parking, visual consistency with existing development in the area.

4430. Procedures

4431. Applicants for a Special Permit for multi-family dwelling shall, in addition to the materials required for Section 1420 Site Plan Review, submit a development phasing schedule indicating the maximum number of dwelling units proposed to be erected in each calendar year, and the timing of construction of any proposed community facilities.

4432. The applicant shall transmit one additional copy of the materials required for Section 1420 Site Plan Review to each of the following for their review and recommendation, to be made not later than the public hearing: the Conservation Commission, Board of Selectmen, and Fire Department.

4440. Requirements. A Special Permit shall be approved by the Planning Board only upon its determination that the requirements of Section 1520 Special Permit Criteria, Section 1425 Planning Board (Site Plan) Approval, and the following have been met.

4441. The proposed plan is consistent with any submittals previously made under Section 4420, District Creation, or in the event of inconsistency, satisfactory explanation has been submitted showing why the departure is necessitated by changed conditions or earlier error, and that the departure does not reduce compliance with the objectives for multi-family housing specified in Section 4410.

4442. Departure from the scale of single-family development is minimized through including not more than 24 dwelling units in a single structure, serving not more than 6 dwelling units from a single entrance, limiting building length

to not more than 200 feet, having unbroken roof area of not more than 3,000 square feet, and having parking areas individually contain not more than 36 parking spaces and be separated from all other parking areas by at least 50 feet.

4443. Visual separation from nearby premises is assured through providing yards of at least 1.5 times building height measured from each lot line, which shall contain no parking areas, and through use of outdoor lighting fixtures not higher than 15 feet.

3. Amend Section 2300, Use Regulations Schedule by adding the reference "(see Sec. 4400)" following the row heading "Multi-family Dwelling".

4. Revise the Zoning Map as indicated on "Map 2", (9:00 P.M. Public Hearing, 4/8/77)
